BMP Chemistry-Biology #5

**TITLE:** REGULATED BIOMEDICAL WASTE MANAGEMENT -

**Regulatory Citation:** 6 NYCRR Part 360 & 364 and 10 NYCRR Part 70

**Applicability:** Any regulated biomedical waste (infectious waste and blood containing materials, or materials perceived as infectious or blood-containing in chemistry and biology labs.)

**Purpose:** To ensure the proper handling, and disposal of bio-medical waste.

**Person or Department Responsible:** Biology Chemistry Physics Chair

**Schedule:** As needed

**Procedure:** Students shall place all regulated medical wastes generated during labs in red buckets lined with red biohazard bags and all contaminated sharps in a biohazard sharps container. These containers will either be located in the labs, or in the discard area (Fitz 326) where the students, under the supervision of their instructor, will place the materials in the appropriate containers.

Tech Services will be responsible for all handling and processing the biohazard waste.

**Record keeping:** n/a.

**Record Location:** n/a

**Contact:** Director of Environmental, Health and Safety (629-7163)  
Biology Chemistry Physics Chair 629-7453
