BMP EOC #6

TITLE: EMPTY CYLINDER MANAGEMENT

Regulatory Citation: Not Applicable

Applicability: Empty compressed gas cylinders from welding operations

Purpose: Proper management of empty cylinders

Person or

Department Responsible: Program Coordinator, Asso. Coord. Of Business Services

Schedule: As needed

Procedures: When cylinders are empty they shall be so labeled. All cylinders, whether empty or full, will be stored in an upright position, with cap in place and secured to prevent falling. Cylinders will be returned to the compressed gas supplier for refilling and hydrostatic testing as appropriate.
