

Date Prepared 7/2004
Prepared By P. Watt
Revised 2/2009 M Ortiz
BMP Print Shop #4

TITLE: REMOVAL OF OFF-SPECIFICATIONS CHEMICALS

Regulatory Citation: 6 NYCRR 371

Applicability: Off-specification chemicals in Print Shop.

Purpose: Proper removal of off-specification chemicals.

**Person or
Department Responsible:** Print Shop supervisor

Schedule: As needed.

Procedures: As needed, the Print Shop Supervisor will inventory chemicals not used during the past year within the Labs. The list will be forwarded to the Director of Environmental Health and Safety (EHS) along with the quantity of each chemical and the chemical's MSDSs.

The Director of EHS will arrange to have these materials moved to the Hazardous Waste Storage Area at Cogan and labeled as hazardous waste or non hazardous waste, depending on their waste determination. The Director will arrange with an approved waste hauler to remove the materials. The hazardous & non hazardous waste manifests will be signed by the Director of EHS or the designee.

Current vendor: Precision Industrial

Record keeping: waste manifests

Record Location: EHS Office, environmental files.

Contacts: Print Shop Supervisor 629-7838
Director of Environmental Health and Safety (629-7163)
